

Hands-On Science Camp

2024 Class Descriptions and Schedule

Pre-K (age 3-5)

Parent & Me Programs

Explore the scientific wonders of the world with your child! Our parent-and-child classes focus on scientific themes with exciting hands-on activities and crafts. Each fee covers one Pre-K child (age 3 to 4)* and one parent or “big buddy” (18 years and older). Additional adults or campers must register separately at the full fee. *Campers must be age 3 by the start of class.

Me, Myself, and I

Look at yourself from the inside out. Take an adventure through your body and learn all about the parts that make you YOU! Become the subject as you investigate everything from your five senses to the sound of your own heart.

CHEM-Mystery

From the kitchen to the laboratory, reactions happen all around us! Join us as we try to solve different CHEM-mysteries. Find out what chemicals you have to mix to make slime, and explore the states of matter.
